Five Boroughs of New York City

Day One

We begin our 5 Boroughs tour in Manhattan. Today is the one day you have a choice based on whether you have been to New York or not. For the first timers, we will take you out to Ellis Island and the Statue of Liberty to experience this UNESCO World Heritage site up close. For our returning travelers, we will take another boat tour—this one goes around Manhattan so you see the sights from another vantage point. Be on the lookout for the Brooklyn Bridge, the UN and famous Seaport Village area. After these excursions, the two groups rejoin for a visit to the **9/11 memorial** and the newly opened 9/11 museum.

Day Two

It's up to the Bronx and a tour of the most famous, new ballpark in the world —**Yankees Stadium**. From the Bronx, we head through Harlem and eat at Sylvia's —the landmark soul food restaurant. We visit two northern Manhattan sites—Ulysses **Grant's tomb** (we'll find out who *is* buried there) and the gigantic St. John the Divine Church. We make our way through Manhattan seeing Central Park, the theater district and all the other sites that make New York, New York. We end at the Staten Island Ferry for the best view of the skyline as we make our way to borough three—Staten Island. Here we visit the first museum dedicated to Tibetan Art. One final activity tonight—a **Broadway play**.

Day Three

It's Brooklyn Day! First stop is the renown **Coney Island**. See the Cyclone rollercoaster, the beaches and the midway. Our next stop, a tour of the Greenwood Cemetery, the last resting place of the rich and famous; including

Louis Confort Tiffany. We end the day at one of the best, but least known museums in New York—the **Brooklyn Museum**. From Egyptian to American folk to modern classics, this art museum has it all.

Day Four

Our fifth borough is featured today as we explore Queens. We tour the sights that make Queens famous— Kaufman Studios, Steinway Factory area, Corona Park with the Unisphere sculpture and the great sports complex that includes the Mets stadium and the US Open Tennis home. Our final stop is a truly unusual one—Jamaica Bay—one of the top birder and wildlife destinations in the northeast. Just minutes from the airports, this is a wildlife lover's paradise and a part of our national parks
