October 28–
November 2, 2013

Double Occupancy
\$4795.00
Single Supplement
\$450.00

Day One Depart Chicago this afternoon on a flight to Winnipeg. We arrive in **Winnipeg** and enjoy a city tour. We transfer to our hotel at the airport for the night.

Day Two Early this morning we fly to Churchill. Upon arrival, we will tour the **town of Churchill**. Highlights of the tour include: Cape Merry National Historic Site, the **Polar Bear Jail** and the Eskimo Museum along with many more sites and some great stories about polar bears and the history of Churchill. This afternoon, we check into our hotel. At night, we will be on the lookout for the spectacular **Aura Borealis**, which can be observed regularly here.

Day Three Today is our first day of **Polar Bear** viewing. This morning, we transfer to our Tundra Buggy and head out in search of Polar Bears. We have lunch aboard our heated and restroom equipped Tundra Buggy. Keep an eye open for polar bears playing, displaying dominance behavior, looking for food under the snow or just chilling out. We head back to Churchill lake this afternoon.

Day Four A second full day for polar bear viewing. Now that you are experts at spotting polar bears, keep a look out for **ptarmigan** and fox in addition to bears. We return to Churchill late this afternoon.

Day Five **Ride a dog sled** this morning. We visit the Northern Studies Centre where we learn about

dog sledding during an educational slide show. Then we go out and meet the dogs and hop aboard a dog sled for a delightful ride through the forest. After a warming drink of coffee or cocoa, we head back to town. This afternoon we visit Parks Canada in Churchill to learn about the wildlife and culture of the area. There is free time to explore the town, do some shopping and just relax before we fly to Winnipeg this evening.

Day Six This morning we transfer back to the airport and fly home.

By the Numbers...

- 1 "1000 Places to see before you die"
